

# DISEASES

...thinking about similarities and differences

...

(1) Consider this group:

**stomach**      **liver**      **intestines**      **food pipe**

(a) The stomach is the odd one out because \_\_\_\_\_

---

---

(b) The liver is the odd one out because \_\_\_\_\_

---

---

(c) The intestines are the odd one out because \_\_\_\_\_

---

---

(d) The food pipe the odd one out because \_\_\_\_\_

---

---

(2) Consider this group:

**malaria**      **measles**      **polio**      **athletes' foot**

(a) Malaria is the odd one out because \_\_\_\_\_

---

---

(b) Measles is the odd one out because \_\_\_\_\_

---

---

(c) Polio is the odd one out because \_\_\_\_\_

---

---

(d) Athletes' foot is the odd one out because \_\_\_\_\_

---

---
